Invites you to:
5th Nordic Pathology Meeting on Pathology & Biomarkers in thoracic malignancies, primarily NSCLC
Clarion Hotel Arlanda, Sweden - 31 January – 1 February 2019

Steering committee:
Birgit Guldhammer Skov (DK), Elisa Lappi-Blanco (FIN), Fredrik Enlund (S), Lars Helgeland (NO), Jens Benn Sørensen (DK), Simon Ekman (S)

The objectives of the meeting are to highlight the latest developments - Pathology, Oncology, and Technology. How can we use improved technology to advice on optimal treatments in lung cancer in a constantly changing environment?

Who should attend the meeting? Pathologists, Molecular biologists, Lung oncologists, Pulmonologists, and other interested in the field of Lung Cancer. Residents as well as consulting doctors should attend the meeting.
